- Dedicated customer service, business development, and marketing support.
- Co-branded events, social media, and website content.
- Free virtual access to clinical support during patient fittings.
- Free access/ support for amputee Ambassador program.

Requirements

- Annual program fee.
- Maintain successful patient outcomes.
- Good credit standing.
- Yearly product training.
- Participation in product and patient feedback surveys.
- Promote LIM Infinite Socket™ technology.

“Working with LIM as a Premier Partner has been exciting. It has allowed me to grow my business without hiring new technicians, and has also opened doors for me to access their support staff, which includes prosthetists if needed. I’ve been able to discuss marketing ideas and retrieve helpful insights from their staff, that has ultimately allowed me to grow my practice. I’m now known as the place to go on Long Island to get an Infinite Socket.”

- Tony Tufano, Mutual Orthopedics

Streamline Your Business

- 1 Send in your scan or cast with measurement form.
- 2 We custom manufacture the socket based on the patient’s unique measurements.
- 3 We ship the socket ready to be fit out the box.
